**PETRODORADO SUCCESSFULLY COMPLETES NEW DISCOVERY WELL ME-1 IN
COLOMBIA AND PLANS A SECOND WELL IN THE SAME STRUCTURE**

Calgary, February 25, 2010 – Cap-Link Ventures Ltd. (the “Company” or “Cap-Link”) (TSXV-CAV) announces that its wholly owned subsidiary Petrodorado Ltd. (“Petrodorado”) along with its joint venture partner Pacific Rubiales Energy Corp. (“PRE”) has successfully completed a new discovery well ME-1 as a Mirador producer on the Moriche block in the Llanos Basin of Colombia.

The Moriche block is part of a 5 block joint venture previously announced on November 24, 2009 between PRE and Petrodorado in Colombia and Peru.

The directional well was drilled to a total measured depth of 10,182 feet with the primary target of Mirador (9,531 feet to 9,770 feet measured depth, true vertical depth of 9,130 feet). The well encountered a net oil column of 32 feet (true vertical depth) with 21.3% porosity and oil saturation of 71.3% based on petrophysical analysis.

The well was tested with two different pump systems; a jet pump yielded a peak oil rate of 650 barrels of oil per day (bopd) of 14 degree API oil, while an Electric Submersible Pump (ESP) yielded a peak oil rate of 693 bopd of 14 degree API oil.

The well will be completed with an ESP and put into production within the next 40 days. A second well is scheduled to be drilled on the same structure during the second quarter of 2010.

Petrodorado has a 49.5% beneficial interest in this prospect.

Krishna Vathyam, President and CEO of Cap-Link stated:

“We are very pleased with our first well drilled in 2010 to be a commercial discovery, and especially pleased with the thickness and quality of the Mirador zone and are eager to drill the second well in the same structure at the earliest possible opportunity to optimize hydrocarbon recovery.

This discovery will provide early cash flow and further strengthen our already strong financial position.”

Change of Fiscal Year End and New Web Site

Cap-Link is also pleased to announce the change of its fiscal year end from October 31 to December 31 and the launching of Petrodorado's new official web site at www.petrodorado.com.
